

Phung Manh Phong

.NET Developer Intern

Final-year Software Engineering student seeking a .NET internship to apply my knowledge of C#, ASP.NET Core, SQL Server, and web development in a real working environment. I aim to strengthen both my technical and teamwork skills while contributing to real projects.

EDUCATION

FPT University
Software Engineering
2021 - Present
Expected Graduation: 2026

SKILLS

- Technical Skills:
- **Languages:** C#
 - **Frameworks/Technologies:** ASP.NET Core MVC, ASP.NET Core Web API, Entity Framework Core.
 - **Database:** SQL Server
 - **Tools:** Github

WORK EXPERIENCE

- VNPT-Media**
Software Engineer Intern | January 2025 - April 2025
- Reviewed internal technical documents to become familiar with database structure and backend workflows.
 - Studied database schemas and API specifications under mentor guidance to strengthen practical backend knowledge.
 - Applied learned concepts by building a small personal ASP.NET Core project for practice and mentor review.

PROJECTS

- Nov 2025 - Nov 2025

Personal Academic Project

Quiz Management System

Technologies: C#, ASP.NET Core MVC, ASP.NET Core Web API, SQL Server, Entity Framework Core, JWT.

 - Built a quiz web application with authentication, quiz management, question management, and quiz-taking features.
 - Developed APIs for login/register, quiz CRUD, question CRUD, quiz submission, user history, statistics, and leaderboard.
 - Designed and connected SQL Server database.
- June 2025 - July 2025

• Personal Academic Project

Toy Borrowing Management System

Technologies: C#, ASP.NET Core MVC, Entity Framework Core, SQL Server.

 - Built a web application for toy borrowing with owner and borrower roles.
 - Implemented authentication, toy management, borrowing request handling, approval/rejection flows, and return workflows.
 - Added search, category filtering, reviews, and integrated the application with SQL Server using Entity Framework Core.
